

Governance

TSC Voting Members			
Technical Representatives		Community Representatives	
Prabhjot Singh Sethi (TSC Chair) - ATS	prabhjot.lists@gmail.com	Darien Hirotsu - TachTech	darien@tachtech.net
Sukhdev Kapur - Juniper	sukhdev@juniper.net	Edward Ting - Cloudasoft	eting@cloudasoft.com
Sanju Abraham - Stackpath	asanju@gmail.com	Ian Rae - CloudOps	irae@cloudops.com
Herakliusz Lipiec - Intel	herakliusz.lipiec@intel.com		

The two most important documents with respect to Tungsten Fabric governance are the charter which is linked to from the main menu bar on <https://tungsten.io> and here is a direct link <https://tungsten.io/wp-content/uploads/sites/73/2018/09/Tungsten-Fabric-Project-Technical-Charter-3-13-2018-Final.pdf> to the same document. This document was approved first. Afterwards, a "Governance document" was created to supplement the Charter with additional depth on the detailed operation of the community. This document is attached to this wiki page and is [Tungsten Fabric Community Governance v1.pdf](#) shown below in the table of attachments.

For verification purposes, the hashes of these documents are:

```

Election Mechanics

The [Election Mechanics](#) page supplements the Charter and Governance Document with specific details such as tools, timelines and exact process details. Changes to this page must be approved by the TSC, but should not contradict anything in either the Charter or Governance Document.
