- VM (Vicky) Brasseur (she/her)
- Randy Bias
- Andrey Pavlov
- Will Stevens
- Phil Robb
- Rudra Dubey

Agenda

- Review action items from 2019-04-30 Infra WG Meeting notes
- update on vexx
- GitHub org

Minutes

- Action items
  - Pono to email about GH org will email VM (Vicky) Brasseur (she/her)
  - Pono on squash commit during repo transfer
    - LF has docs on that
- Vexxhost update
  - pono: All quotas are lifted & should work A-OK
  - apavlov: Quotas are sufficient now (woo)
    - Some projects working fine, but not all of them
    - Problems may be that the Vexxhost machines aren't as fast as Juniper (not sure yet)
    - By this time next week are hoping ~90% of the projects will work
      - Will be slowed by Russian holiday this week
- GitHub org
  - LF needs to be an owner of the org
  - The GH repos will be mirrored from Gerrit
  - The primary repos will live in Gerrit
  - This means the community will need to figure out how to make sure people aren't sending PRs instead of going to Gerrit
    - We'll just turn off PRs in the repos

Action items

- ☑ Daniel Pono Takamoriping Sukhdev Kapur and Bill about getting final blueprints and workflow from Juniper
- ☑ Daniel Pono Takamori check in about committer LFID list
