- vsperf + vrouter
- Meeting Time
- Agenda Bashing (Roll Call, Action Items (5 minutes)
- General Topics

## Minutes

- Meeting time:
    - Casey: should we move to 10:30?
    - Concensus was made on moving the meeting time.  Casey has already updated the meeting schedule.
- vsperf + vrouter
    - joseph: discussion for thursday TSC call
        - bring on architect for vsperf/ vrouter to talk about it
        - how to build vrouter standalone
    - edward: do you need to be running openstack for this?
    - joseph: just need data plane
    - joseph: **PRESENTATION**
        - vrouter works with agent
        - using vtest tool can program dataplane
        - scope of document is preprogramming the dataplane  vrouter
        - do not run as root 🙂
        - vrouter takes the generated packets to the physical port
        - ...
        - wait for the pdf to be uploaded
    - prabhjot: any testing?
    - joseph: none yet
        - just the beginning
    - https://wiki.tungsten.io/download/attachments/1409122/Isolated%20vRouter%20setup%20and%20testing.docx?api=v2
    - sukhdev: wants kubernetes support
    - casey: +1
        - can do marketing around this effort to get more community engagement
        - send email to docs and marketing to get ball rolling
        - Joseph Gasparakis add pdf to meeting notes
    - darien: any action items for sukhdev to follow up with joseph
        - how can we support joseph in performance problems

## Action items

- ☑ Joseph Gasparakislet marketing and documentation lists know about this
- ☑ Joseph Gasparakis Sukhdev Kapur to work together on performance 18 Jun 2019
