Minutes

- Re-branding
 - o dh: filled out one of Lisa's templates and will post for discussion
 - Ic: post it to the wiki! anyway to get discussion going is appreciated.
- HashiConf discussion
 - https://hashiconf.hashicorp.com
 - One product in particular has an interesting integration with TF (Consul)
 - Will did a demo on the TF youtube page
 - dh: Redapt is petentially attending or sponsoring a booth. The audience is largely DevOps, so given some of the TFs goals, it might be a
 place to developers looking at TF.
 - o lc: any CFPs? it's best to include the LF when it comes to events.
 - o dh: not sure (will check). if Redapt attends, we could help via "grass-roots" like a demo booth.
 - o Ic: LFN has a wherehouse of TF swag, so would be good to coordinate
