Open Bugs: See JIRA

Emeritus Committers:

Documentation & Training

This wiki section contains information about the processes and workflow od the Documentation project.

Guidelines for becoming contributor, writing documentation, and manuals can be found here: https://docs.tungsten.io

Release Planning & Release Notes

Check https://jira.tungsten.io/DOC

Project Working Documents

- Which parts of Juniper documentation could be used by Tungsten Fabric
- Docs Census

- Docs De-Contrailization Style Guide
- Release checklist
- WIP: Documentation structure
- Draft: R2011 Known Issues - Nov-23-2020

Task Report

All documentation project pages should be tagged with a label 'documentation-project'.

Task report

Looking good, no incomplete tasks.

Project Files

Use this page as a silo for any files that cannot go to tungstenfabric/docs repository.

File	Modified

No files shared here yet.

Deprecated Files

As of 2019-04-08, any files attached to this page are legacy and far out of date. They remain here (for now) for reference.
