- tf-transitional-contrail-docs pull requests: <https://github.com/tungstenfabric/tf-transitional-contrail-docs/pulls>
- [Docs Census](#)
- Quick notes

Minutes

- Welcome, Armen!
- Action items
 - Gating on Jira ticket? Pono is done, needs docs. Still pending more info.
- <https://github.com/tungstenfabric/tf-transitional-contrail-docs/pulls>
 - Armen reviewed them! Need comments yet.
 - Question yet on #8; awaiting [Tatsuya Naganawa](#)'s input.
 - Should be able to merge the rest soon (wool!)
- [Docs Census](#)
 - Pretty much as done as it's gonna be! Woo!
 - Will asking people to add their experiences w/the docs here
 - Time to go to the next step: plan to consolidate/collect/organize the docs
 - Includes rolling out Read The Docs installation
 - Time to start reviewing the census, bucketing them, moving
 - Will suggests the current docs repo org could use more work
 - For instance, move Infra under Admin
 - Rename Admin to something that doesn't imply you're operating the software

Action items

- ☑ Will Stevens will comment on TFB-1412 w/suggestions for more docs repo reorg
- ☑ VM (Vicky) Brasseur (she/her) Start looking into getting Read The Docs up and running, report back next week
