- Prabhjot Singh Sethi
- Randy Bias
- VM (Vicky) Brasseur (she/her)
- Rudra Dubey
- Valentin Sinitsyn
- Casey Cain
- Alexandre Levine
- Martin Mailand
- pujita?
- subbu?
- Alexander Ankudinov
- soujana?

## Agenda

- Start the Recording
- [Antitrust Policy](#)
- Agenda Bashing (Roll Call, Action Items (5 minutes))
- General Topics
  - Container image Rebranding effort
  - Pending code reviews
  - Blueprints for discussion
  - Migrate from Python 2.7? Need blueprints/tickets to start making progress. Need to understand impact to build system?
    - Can code be updated to conform to 3.x while still running 2.7?
      - need to figure out which 3.x ?
      - need to list out all the python components in TF
      - migration plan for individual components (on google docs)
      - upgrade process
    - <https://pythonclock.org>: "Python 2.7 will not be maintained past 2020. Originally, there was no official date. Recently, that date has been updated to January 1, 2020."
  - TF Security Framework and Service Chaining

## Minutes

## Action items

- ✓ @Everyone review TFP-88 and TFP-89 before next Tech WorkStream call
- ✓ Randy Bias to contact Carlo and Ananth and verify they will be there on 8/27
- ✓ Prabhjot Singh Sethi strawman on workflow in Jira: epic vs. blueprint vs. tickets, etc.
- ✓ Randy Bias Find a person at Juniper to coordinate with community on Python 3.x migration
- ✓ Daniel Pono Takamoritag blueprints/epics to a specific release (coordinate with Prabhjot above)
- ✓ Prabhjot Singh Sethi Need python 3.x transition plan: (see above in Agenda; GDoc initially; move to wiki later)
