

2018-08-23

Attendees

Joseph Gasparakis (Intel)

Eyal Lavee (Mellanox)

Ashutosh Mishra (Marvell)

Deepak (Marvell)

Minutes

Polling frequency might depend on usecase. For now we will be looking at the hardware capability (how fast the agent can poll the hardware) and wait until some feedback on the requirements comes from the end users.

Eyal took us through the code changes for SmartNIC shown here:
