

# 2018-11-02 CC Meeting Minutes

## Minutes

- Casey informed us that LF has three people lined up to provide a total of 40 hours per week of IT support to Tungsten Fabric between the three of them.
- We discussed the LFN TAC entry review <https://gerrit.linuxfoundation.org/infra/#/c/12880/>
- Discussed [the motion](#) on whether to move up the date of TSC elections. Only 4 in favor out of 9 (total TSC is 11 members but there are two vacancies) so the motion has not passed.
