  - VMB w/summary of Jtech pubs situation
  - DH: Could maybe have a hackathon/training there for them in Sunnyvale?
    - Ooooooh... That's a great idea!
  - VMB: Would need to prep a lot, create supporting docs, etc
    - Hackathon would be a forcing factor
- VMB: Oh snap, have the TF Transitional Docs that we forgot about
  - <https://github.com/tungstenfabric/tf-transitional-contrail-docs>
  - Need to get this back on our radar
- 2020?
  - Hackthon maybe

    - Have someone run through it and see how bad things are
  - Collect all these things in issues
    - Have a lot already, just need to collect them & come up with a plan

    - Generally just a plan to break down our very big list into smaller lists and roll them out regularly
    - Have a target date and audience
      - The Juniper Tech Pubs hackathon might be a great way to do this
      - Find a way to beta test the hackathon materials before we put them in front of the tech pubs
  - Is there a conference where we're all gonna be anyway?
    - Will have to put some thought into this
    - Write the Docs?
- Meeting time?
