Date

11 Jun 2020

Attendees

- VM (Vicky) Brasseur (she/her)
- Abirami Thangavel
- Darien Hirotsu
- Casey Cain
- Jared Linley
- Daniel Pono Takamori

Agenda

- Review action items from [2020-06-04 Docs Project Meeting](#)
- [Daniel Pono Takamori](#) : Update on GitHub transition
- How to transition from Jira to GitHub Issues? (see https://lists.tungsten.io/g/docs/topic/moving_from_jira_to_gh_issues/74382930)

Minutes

- [Daniel Pono Takamori](#) with GH transition update
 - Emailed Pragmatic about Jenkins
 - Connecting Jenkins to Repo is in progress
 - Sent a PR to test GH actions
 - Testing reporting build back to the issue
 - Will get this merged ASAP
 - tox is broken
 - Looking into it
 - If you have time, try to test tox; a recent commit broke the build?
 - DH will try to do it
 - Haven't heard back from easyCLA about having both Gerrit & GitHub
 - Going to file a ticket with them instead
 - If they don't get back to him soon, will loop in Casey to get those people onto next week's call
- Transition from Jira to Issues
 - Pono thinks it might make sense to work in two issue trackers at once?
 - Copying to GH Issues?
 - A 1-time import shouldn't be a problem
 - Then mass close the Jira tickets, add a component tag "See GitHub"
 - Have decided to go the 1-time import/kill Jira route
 - Pono thinks he can fit this in some time next week
 - Before next call
