Minutes

Addressing Licensing concerns

- · License update has recently happened
- Prabhjot Singh Sethi Talked about references to Juniper and contrail in the codebase.
 - Sukhdev Kapur asked for a proposed procedure to update the repos so that we can distribute it to the development community.
 - Prabhjot Singh Sethi I will be reviving the review to change container prefixes
 - https://github.com/tungstenfabric/tf-container-builder/blob/master/parse-env.sh#L244
 - https://review.opencontrail.org/c/Juniper/contrail-container-builder/+/55100

Action Planning

- Code commit messages are not explained in the code
 - SK: asked that community members give a -1 on code commits that do not have the proper information about the commit. We should do
 this to help change the culture.
 - PSS: We also need to be committing to the tungsten Jira instead of the Juniper Jira.
- Developer Onboarding, Getting Started and documentation in general needs additional resources assigned. Please help if you have the bandwidth.

Virtual Developer & Testing Forum

- Casey talked about the schedule for the event and encouraged everyone to participate
 - https://teamup.com/ksgw6qzqcmg9zbzsfq?date=2020-06-22&view=md4

CNCF and LFN Engagement Frederick Kautz

- FK: Shared his presentations on CNCF, the groups involved and how to get involved.
