

TF Future Planning & Roadmap

Date

12 Jun 2020

Attendees

- [Casey Cain](#)

Overview

Discussion to identify any outstanding roadblocks to growing the community.

- **Schedule:** <https://teamup.com/event/show/id/6AJHnGequMp4PNrwYRnzZWtnzhUQU>
- **Recording:** [TF Future & Roadmap.mp4](#)

Minutes

- [Community Action Planning](#)
 - Could be separated into governance and technical
 - [Prabhjot Singh Sethi](#) we need a way to move content from Juniper Jira to the TF Jira does anyone have any feedback?
 - Ameen Ali: wiki pages from Juniper repos are not migrated properly to the TF repos or primary wiki. Documentation is missing from the TF repos
 - Project definitions set and defined by end of July, 2020
- Community integrations and collaborations
- Discussions are still in preliminary phases. Need more community participation
 - ONAP
 - We are meeting on integration call tomorrow
 - DPDK
 - Need to focus on this in the short term
 - Some technical work already done
 - Removes dependencies on Juniper maintaining a fork
 - [Trishan de Lanerolle](#) can possibly help with a testing lab for DPDK
 - ATS working on integrations, but needs additional support
 - Not focused on vRouter.
 - [Kiran KN](#)
 - [Herakliusz Lipiec](#) only one working on
 - PNDA
 - Coordinating first meeting in the week of 29 Jun 2020
- Ameen: Release planning seems behind
- Alexander: Where are the committers list?
 - We need to solve the issue of Project definitions so that we can set forth a list of initial committers.
