  - Infrastructure Meeting
- Any Other Topics

Minutes

Operator Framework

- Prabhjot Singh Sethi CRDs currently have too many dependencies.
- Juniper has also put a lot of work into this. Need to set guidelines for inbound projects and code review to meet IPR.
  - Sukhdev Kapur Juniper has no desire to have fork or proprietary solution. We would like to focus on an upstream version of the code.
  - Need API review.
  - Sukhdev Kapur & Prabhjot Singh Sethi to work together to set the scope and initial set of committers of the project and present to the TSC for approval.

Upstream DPDK

- Sukhdev Kapur Juniper is working on shifting to working in the upstream community but may need advice and support. Please provide your feedback to the team.

Infrastructure Meeting

- Casey Cain talked about the participation of the Infra meeting
  - It was agreed that the Infra meeting will continue as currently scheduled
  - Jared Linley Casey Cain Daniel Pono Takamori Marek Chwal will meet to discuss updating JIRA to better support the community
    - Will focus on Projects, Project Catagories, Issue types, workflows and custom fields

Action items

- [x] Casey Cainto send a Doodle poll to set up a regular series of meeting for the Operator Framework discussion 14 Jul 2020
- [x] Jared Linley to open a ticket on support.linuxfoundation.org to get permissions to the TF JIRA to help develop better workflows and issue types. 21 Jul 2020
