Minutes

- Action items: All done! Woo!
- tf-transitional-contrail-docs pull requests: https://github.com/tungstenfabric/tf-transitional-contrail-docs/pulls
  - Confirmed: Need Ansible Docs
  - VM (Vicky) Brasseur (she/her) To take care of this, merge the PRs
  - tf-transitional-contrail-docs next step: Review Release Notes in this repo
- Read The Docs review update
  - Having a look at what's needed to get this up and running
  - lfdocs: https://docs.releng.linuxfoundation.org/projects/lfdocs-conf/en/latest/index.html
  - Does markdown, but Sphinx requires rST for inter-file linking
  - Not gonna be too big of a deal, but good to know
  - Will need a little assist from LF IT, but should work w/the hosted RTD
  - Theming?
    - Haven't thought about it at all
      - Haven't looked at the docs for it
      - Looking to keep it simple. Colours & logo.
    - Less important than the content
- TFB-1412
  - Need a summary of this. From A to B
  - VMB: Can we get that and/or a patch
- GSoC patch
  - Fayaz Akhtar has most of the docs complete but keeps hitting a Gerrit error
    - Asking for an Issue ID…?
  - VMB: This is a new Gerrit gate
    - Will send info

Action items

- ☑ Will StevensSend over a patch for TFB-1412
