Minutes

Virtual Technical Event

- Great opportunity to introduce some of the projects and work on our release planning and governance discussions.
- Please submit topic proposals at this link: https://wiki.lfnetworking.org/x/9QhoAg

Release Planning

- Need to create the blueprints in the community Jira for the next release
- We also need to finalize the milestones and confirm each project state for M0 and M1.
- Stephen Moore working on transferring information on blueprints to the community.
  - Marek Chwal We can do it in small pieces instead of waiting for a bulk import.
- A discussion ensured about the project structure and nomenclature.
- **Milestones**
  - General agreement to use the proposed milestones
  - Casey Cain asked us to also think about additional things that may need to be addressed as part of the release process
    - Service releases,
    - Upgrades and how that will affect commercial releases.
    - Delta of new features and documentation for that to publish for Marketing purposes.

Discussions about the release process are ongoing and we should continue the discussion on the mailing list.
