◦  Unable to locate Jira server for this macro. It may be due to Application Link configuration.

Minutes

- [Szymon Golebiewski](#) shared some ideas on how to improve the TF documentation

- [Documentation project](#)
 - [Project Architecture documentation](#)
 - [Deployment documentation](#)
- Link to Jenkins: <https://tf-jenkins.progmaticlab.com/>

Priorities

- Make things work (make sure that documentation is properly built from the repo, make sure we can merge PRs)
- Write "how to become documentation contributor"
- Write "How to become a code contributor"
- Review and correct TF Governance section
 - Existing governance documentation wrong
- Create a new structure for the documentation
- Merge all existing documentation into one repo
 - There could be a case to keep project documentation
- Remove duplicated information from the website, GitHub, and tf-transitional-docs

Action items

- ✓ Daniel Pono Takamori fix RTD integration
- ✓ Daniel Pono Takamori merge <https://github.com/tungstenfabric/tf-jenkins/pull/2>
- ✓ Daniel Pono Takamori merge DOC-44 <https://github.com/tungstenfabric/docs/pull/57>
- ✓ Daniel Pono Takamori could you see if we can have that

Unable to locate Jira server for this macro. It may be due to Application Link configuration.

done

- ✓ Daniel Pono Takamori checks if there is anything left to be done in DOC-2. If not, then please close that ticket.
