 - There currently is not enough people in the community to support a 3 month release cadence, however, this is something that the community is open to, provided the community upstream contributions.
 - [Edward Ting](#) From the community perspective the community needs to be able to build from source reliably.

 - A discussion ensued and Casey committed to providing a proposal sometime next week

Gerrit > Gerrit Migration

- A brief discussion ensued about the process and status of the migration from the Juniper gerrit to community gerrit.
