## Agenda

- Start the Recording
- We will start by mentioning the project's Antitrust Policy, which you can find linked from the LF and project websites. The policy is important where multiple companies, including potential industry competitors, are participating in meetings. Please review and if you have any questions, please contact your company's legal counsel. Members of the LF may contact Andrew Updegrave at the firm Gesmer Updegrave LLP, which provides legal counsel to the LF.
  - [Antitrust Policy](#)
- Agenda Bashing, Roll Call, Action Items (**5 Minutes**)
- General Topics
  - CI cost - have we did everything to cut the costs?
  - Release planning - short summary
  - TSC priorities:
    - Assign weights to TSC priorities
  - Auth0 Migration 13 Jul 2021
  - TWS - make it a place where anyone can go and ask questions instead of posting them on SLACK. Maybe Juniper developers could join that 30 minutes meeting and provide their knowledge?
