

# 12/18/2018

## Attendees

- Paul Carver (AT&T)
- Joseph Gasparakis (Intel)

## Agenda

- Nachi Ueno (Juniper) to present the proposed new architecture for the software stack of TF 6.0.

## Minutes

- Nachi presented a Google doc which will be made public shortly. People can request access via this URL: <https://docs.google.com/document/d/17yLDSuF1UIFMiV8sOtCx4r6IH2VhXoGwqY7IWEwxv6g/edit>
- Casey announced that the elections for Technical Committee are uncontested (only 5 nominees for 5 seats) so that election is de facto complete. There were only 4 nominations for 5 seats on the Community Committee, so the nomination period will be extended by one week. Casey will send out an email later today.
