Agenda

- Start the Recording
- We will start by mentioning the project's Antitrust Policy, which you can find linked from the LF and project websites. The policy is important where multiple companies, including potential industry competitors, are participating in meetings. Please review and if you have any questions, please contact your company legal counsel. Members of the LF may contact Andrew Updegrove at the firm Gesmer Updegrove LLP, which provides legal counsel to the LF.
 - [Antitrust Policy](#)
- Agenda Bashing, Roll Call, Action Items (**5 Minutes**)
- General Topics
 - March DaTF session - two day event focusing on Anuket Assured, 5G Super Blueprint, and others. March 14-15 from 5AM - 9AM PST
 - Unlike typical DaTF meetings this will focus on action items from the last meeting. 5G SB is very relevant for TF.
 - June 10-15th DaTF in Porto - in person event for June
 - We have not had a strong showing at previous DaTF's so we should really bring our Eh' Game with this
 - Aim to collab with another LFN project – [Sukhdev Kapur](#) to build some bridges for us.
 - Akraino/5G
 - Security is another hot topic
- Any Other Topics
