2019 Event Ideas

Here are some events where we might want to try to have a presence of some form. The initial list is thanks to Chaitanya, who shared a spreadsheet from Juniper marketing. We've built on/edited from there.

Table key:

- **TF Company Exhibiting?** Do we know of a TF-using/-contributing company contributing at the event? If so, list its name here.
- **LFN**? Will LFN have a presence/booth there?
- **Meetup?** Is the event a meetup (as opposed to a conference)?

Date	Name/Location	TF Company Exhibiting?	LFN?	Meetup?	Notes
March 27	AWS Summit Santa Clara				
March 29	Service Mesh Day 2019 San Francisco	Juniper			James & Maddison are working to get a TF demo in the Juniper booth.
