## Minutes

- Review action items from [2019-03-15 TF Marketing WG Meeting](#)
  - Jill will get us a Zoom as soon as she can
  - Jennifer with an update on the Denver meetup for Open Infra Summit
    - No responses yet
    - Robert & she are trying to coordinate with James on this
  - CK: Update on meetup for [OSN User Group Bay Area](#) (Q2 meeting)
    - Waiting for Contrail/TF 5.1 to come out, so they can do a demo of it
    - 5.0.2 isn't stable enough for public cloud, so they have to wait for 5.1
    - Should have update for the group by the second week of April
  - No other meetup updates this week
- Jill: LFN + Kubecon
  - LFN minisummit at Kubecon EU
    - FD.io will have their own minisummit and booth
    - Maddison will be arguing against this FD.io separation at the next LFN MAC meeting next week
      - Jill +1 on that
  - CFP for that is delayed, but will be out soon
  - There'll be a booth for LFN
  - Want TF to participate in the minisummit & LFN
  - Will send info once it's available
- Jill: ONS
  - Any updates to the TF data sheet?
    - VMB: Haven't seen it
    - Jill will send a link
  - Who's gonna be there?
    - Jill, VMB, who else?
    - Edward
  - ET: Anything folks can do to help? Demos or talks?
    - Demos are already scheduled for LFN booth (2 for TF)
    - Sukhdev will demo TF + Akraino at the LF Edge booth
  - Press release contribution
    - Jill sent an email asking for a TF update for a press release
    - Can't talk about upcoming release for this
    - JC: Carbide, maybe? Demos at the booth.
    - VMB: GSoC
- LFN budget/plan for TF?
  - We have some slides, but they're all pre-LFN final budget
- Blog publishing schedule?
  - VMB: Once a month to start?

- JL & JC +1
  - VMB: wiki to brainstorm
  - Coming this week: "TF/Kubernetes on multiple public clouds" blog about demo at KubeCon Seattle - okay for LFN to repost
- Darien: Cloudops have a blueprint for the work they're doing?
  - ML: Not yet but happy to share
